## MEDIA RELEASE

**Ref:** No.**PICK N PAY NAMIBIA INSTITUTES PRECAUTIONARY MEASURES IN  
REPOSE TO LISTERIA OUTBREAK IN SOUTH AFRICA****WINDHOEK, 5 MARCH 2018**

Following the confirmation of the source of the listeria outbreak in South Africa, Pick n Pay Namibia - a subsidiary of the Ohlthaver & List (O&L) Group – this morning issued an urgent instruction to the retailer's stores countrywide to immediately remove all *Enterprise* and *Rainbow Chicken Limited (RCL)* products from its shelves.

The Minister of Health of South Africa announced yesterday afternoon (Sunday, 4 March 2018) that his Department had identified the source of the national listeria outbreak which has affected over 1000 people and has tragically led to a number of fatalities, in South Africa, over the past few months. Processed meat products manufactured at factories operated by Enterprise and RCL have been issued with safety recall notices.

Spokesperson of the O&L Group and Corporate Communications Manager, Roux-che Locke: "The health and safety of our customers is our first priority. We believe that the impact of the recall on the Namibian market is not as severe since Pick n Pay Namibia has a diversity of suppliers, many of whom are local. While we are not aware of any confirmed reports of Listeria in Namibia, we have taken this step as a precautionary measure as our customers' safety is important to us. Any customer who is concerned that they may have bought any affected meat products linked to the outbreak can return it to any of our stores for a full refund."

**Ends,**
